

Client Advisory

The following is based on our understanding of available information from CMS. The Non Group Health Plan User Guide is available on the CMS website and should be referred to for additional details.

CMS extends registration period and reporting integration deadlines

During the Center for Medicare & Medicaid Services' town meeting on Tuesday, the agency announced the following changes and clarifications regarding MMSEA Section 111 reporting:

- (1) The Responsible Reporting Entity registration period has been extended until September 30, 2009;**
- (2) The Testing period has been extended from January 1, 2010 to March 31, 2010;**
- (3) Total Payment Obligation to the Claimants (TPOCs) occurring prior to January 1, 2010 are not reportable. This is not true of ORMs, which will need to be reported as of July 1, 2009;**
- (4) Reporting will begin April 1, 2010.**

An [alert](#) and a new [Quick Reference Guide](#) have been posted on the CMS web site.

There is still a need to register as an RRE, however, there is now additional time for RREs to review and understand the information from CMS. Despite the additional time, registration should be made as early as possible.

GAB Robins and MedInsights are able to assist you through the process and serve as your reporting agent. More information about registration process can be obtained by [reading our prior communication](#). Prior to beginning the registration process, GAB Robins/MedInsights must be notified of your company's intent to designate MedInsights as your Agent [using this form](#). A GAB Robins/MedInsights representative will contact you to discuss the terms of our engagement. Thereafter, you will be required to register as an RRE.

As always, if you have any questions, please contact MSPCompliance@medinsights.com

We value your business and thank you for your continued support.
